(credit card payments only)

## REQUEST FOR ELECTRONIC MICROCHIP

All dogs and cats entering the State are required to have an implanted electronic microchip obtained from the State of Hawaii, Department of Agriculture.

- For 120-day quarantine, the microchip may be obtained anytime prior to arrival in Hawaii.
- For 30-day quarantine, the microchip MUST be obtained before the OIE-Fluorescent Antibody Serum Neutralization Test (OIE-FAVN test). The OIE-FAVN test must be completed between 90 and 365 days prior to arrival in Hawaii.

Please allow one-to-two weeks for processing and delivery of microchip.

Mail completed form and payment to: Department of Agriculture

Animal Quarantine - Microchip Request

99-941 Halawa Valley Street

Aiea, HI 96701-5699

during shipment.
